

FEDERAL POLYTECHNIC NEKEDE

PMB 1036, OWERRI

MEMO

TO: All Students
(Regular & Part-time)

FROM: Registrar

REF: FPN/R/223A/IX/148

DATE: 12th October, 2021

COMMUNICATION OF MANAGEMENT DECISION

SCAM ALERT

Management at its 143rd (continuation) meeting held on 8th October, 2021 deliberated on the recent security situation in the Institution.

Management noted that on the 6th of August 2021, five swindlers were apprehended in the School of Business and Management Technology (SBMT) for engaging in the act of propheteering.

The scammers whose denominations were not known, swindled various sums of money from some naive and gullible students under the guise of "seed sowing" after a session of purported prophecies.

Based on the above, students are by this memo warned to be conscious of the antics of fraudsters that are now masquerading as "Agents of light" and should therefore, not allow themselves to be sweet-talked into becoming prey for the predators.

To be forewarned is to be forearmed.
